Salt Lake City, UT 84114-5801

Re: Potential disturbed mining area

Dear Mr. Baker:

Please find enclosed a map of the proposed new acreage for mining purposes at the DKG Quarry. The dark spot indicates the proposed new area to be disturbed. The colored areas are those areas previously and currently mined and areas that have been reclaimed and reseeded.

If you have any questions, please feel free to call us. We thank you for your kind attention into this matter.

Sincerely,

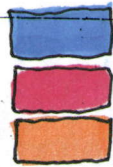

*Karen Palmer*
